REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Kenneth Gardner Elementary provides educational experiences that promote leadership, enhances students’ academic abilities, and fosters a love for the arts. The 2013-2014 school year was one of growth, great accomplishments, and transformations. Kenneth Gardner Elementary received the Santee Electric BRIGHT IDEAS grant, the Target grant, and participated in the Fresh Fruits and Vegetables program. Our school was also recognized and received the Palmetto Gold and Silver Awards for General Performance and Closing the Achievement from the S.C. Department of Education.

The faculty and staff at Kenneth Gardner Elementary School has transformed into a “Leader in Me “school following the 7 Habits of the late Stephen Covey. Our goal was to witness significant improvements in academic achievement, decreases in student discipline referrals, and increases in levels of accountability. Our faculty, staff, and students incorporated the 7 Habits of Happy Kids and worked in tandem to create a culture of trust, accountability, and leadership, where our students have learned what it means to Be Proactive, Begin with the End in Mind, Put First Things First, Think Win-Win, Seek First to Understand, Then to be Understood, and to Sharpen the Saw. The Leader in Me has empowered our school to begin moving from Good to GREAT! Leadership Day 2014 was the culminating event and ultimate showcase of student leadership.

The faculty, staff, and students all have the opportunity to take the L.E.A.D. on the last Friday of the month. L.E.A.D. Club Day is all about Learning, Experiencing, and Discovering the hidden talents and skills students possess through organized club activities. This innovative, school-wide model has contributed to emphasizing a culture of student empowerment and has helped unleash each child’s fullest potential; our teachers have internalized timeless leadership principles that will nurture the skills our students need to become successful, life-long learners.

In our quest to continue to provide high quality instruction and to meet the need of our learners, students and teachers were exposed to advanced technology and utilized a focused, explicit and direct instructional model in all classrooms. KGES teachers integrated programs and interventions such as small groupings and Accelerated Math to help improve students’ math computational and problem solving skill. Students and teachers also had full access to our Math Resource Room filled with manipulatives for students’ and classroom use. Project C.A.R.E., a reading enrichment model, and computer based programs such as Accelerated Reader, Renaissance Place, Study Island and ClassWorks aided teachers in facilitating instruction and monitoring students’ progress.

The students of KGES also engaged in activities that support and nurture the Arts. Each year, our Artist in Residence, teaches students the fundamentals of ballet, jazz, and other dance forms. Kenneth Gardner Elementary students also audition to become members of the school’s dance team, Jag Force. The KGES Performing chorus is composed of students who love to sing. Our students also had the opportunity to join and perform with the KGES Percussion Ensemble. The 21st Century Learning Communities after school program extends to students the opportunity to engage in enrichment activities. At KGES, students are given the opportunity to emerge as leaders by studying other languages such as Spanish and French.

Additionally, volunteers continue to contribute their expertise
